

# BSO Accreditation for EBIS

In November 2018 EBIS was inspected according to the Department for Education in the UK's own guidelines and criteria for British Schools Overseas. The Department for Education has a scheme for the inspection of British Schools Overseas, whereby schools are inspected against a common set of standards.

- The purpose of the inspection is to provide information to parents, teachers, senior managers and the school's management on the overall effectiveness of the school, the standard of education it provides and its compatibility with independent schools in the United Kingdom.
- The inspection and report cover the key areas of quality of the curriculum; quality of teaching and learning; the spiritual, moral, social and cultural development of pupils; their welfare, health and safety; the suitability of the proprietor and staff; the school's premises and accommodation and the school's complaints procedures.

**We are extremely pleased to announce that following the inspection EBIS has achieved the standards and has been awarded the full BSO accreditation. The report can be found at the following website:**

The accreditation is recognition of the progress and good work done in recent years at EBIS. The EBIS Board and the EBIS senior management are extremely pleased with this accreditation and it helps to establish EBIS as one of the best providers of British Education in Egypt.
